Cookies

A cookie is a small text file containing a unique identification number that is transferred (through your browser) from a website to the hard drive of your computer. The cookie identifies your browser but will not let a website know any personal data about you, such as your name and/or address. These files are then used by websites to identify when users revisit that website.

Please note that our website may not operate efficiently if you refuse to accept cookies.

We also use Google Analytics to monitor how the website is used. Google Analytics collects information anonymously and generates reports detailing information such as the number of visits to the event ticket shop, where visitors generally came from, how long they stayed on the event ticket shop, and which pages they visited. Google Analytics places several persistent cookies on your computer's hard drive. These do not collect any personal data. If you do not agree to this you can disable persistent cookies in your browser. This will prevent Google Analytics from logging your visits.

We shall process your personal data in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures. All information you provide to us is stored on our secure servers. Any payment transactions are encrypted using SSL technology.
